heatmap.js v2.0.0

Dynamic Heatmaps for the Web

Examples

There is a list of all available live examples with code snippets on the heatmap.js website.

Local examples are stored in the `/examples/` folder.

How to run the local examples

Start a webserver (e.g. python SimpleHTTPServer from the project directory root):

```
python -m SimpleHTTPServer 1337 &
```

Then browse to

```
http://localhost:1337/examples/
```
